

Another Relapse.

Cleveland's administration will prove a blessing to a good many obscure men.

The new license bill was signed by Governor Russell on Monday morning, and will form chapter 296 of the general laws of 1885.

Chas. M. Dapew, one of the finest orators and one of the best lawyers in New York, pays the expenses of one student every year at Yale college. He selects one who is ambitious to learn and who is in poor circumstances.

It is said that there are about 125 German recruits in the Chinese army, all of whom have been compelled to adopt Chinese names, such as Wang Li Tung or The Great Wall. The pay of these recruits is very high, ranging from \$200 to \$300 a month; and in addition the Chinese government has promised to pay to the representatives of any German who may be killed in action the sum of \$50,000. Recruits are also called for in the Chinese navy, the inducement being an annual salary of \$3,000 and a life policy for a large amount.

It is thought that Jefferson Davis is on the death-bed. If that is so, Mr. Endicott told the example of Mr. Lamar, and also the war department and put the building in mourning? Why not? Mr. Davis is no more of a rebel, and is a good deal better man than Thompson, whom Lamar honored by closing his department two weeks ago when he died. Thompson conspired to burn northern cities during the war, blow up steamboats, and would show no mercy to women and children, and yet when the wrath died, Lamar dropped his office, told the boys in the interior department to go home for the day, all of which morning cost the government \$11,000.

All told, there have been 119 civil appointments made by President Cleveland including his cabinet. More than half the foreign missions still remain unchanged and nearly all the consuls. Less than three per cent. of the postmasterships which are recognized as presidential appointments have been changed. It is true, that while the hide-bound partisans of the democratic party are sorely disappointed at his failure to make a sweeping change in the office-holders, the people who care only for good government are well satisfied with their new president as far as he has gone. The president seems to have confidence in republican officials, and therefore refuses to dismiss them.

After more vicissitudes, and after nearly all methods for raising money to build the Bartholdi pedestal have been tried and failed, it has at least fallen to the lot of a newspaper to take up the movement with an energy which promises to push it to success. The New York World has espoused the cause with characteristic vigor and its efforts are being rewarded with liberal subscriptions. It is not creditable to the people of New York that this cause should be necessary, but it has become to, and the World deserves credit for its persistence and the ability with which it presses the hat. On the first day it received thirteen cents, and the next day over \$100 came around, and now the World's pedestal fund is growing rapidly. As William H. Vanderbilt's income is \$1,225 every hour in the year, the World makes the timely suggestion that he might, without distressing himself or any member of the family, give the income of one hour to Bartholdi.

The civil service law gets a pretty rough slip in the face from General Black, commissioner of pensions, when he asks Miss Ada Sweet, of Chicago, to resign her position as pension agent. The term for which was appointed will not expire till the 15th of April, 1886, but General Black has too many calls from the hungry and thirsty crowd of democrats, and the pressure for the spoils is too urgent and demonstrative to pay any decent respect to the principles of the civil service act, and Miss Sweet must get out of the way and give place to some cringing pet. In asking her to resign, the outrageous general not only does not specify any charges against her, but takes pains to assure her that there are none to specify—that as to the manner in which she has discharged the duties of the office, there are absolutely no complaints.

Miss Sweet never used her office to further her political ends or those of the party. She has made a splendid agent, giving satisfaction to everybody. Her father, who is now dead, was completely ridden with rebel bullets while fighting for his country, and it was thought to be a just and gracious thing to let the daughter fill the place made vacant by the death of the father. But in the scramble for office even Miss Sweet must be sacrificed to the greed of the democratic office-seekers.

THE GRANT FAMILY AGAIN IN A STATE OF ALARM.

Physicians Hurriedly Sent for at an Early Hour in the Morning.

The End Once More Believed at Hand—A Day of Hope Succeeded by a Morning of Despair—The Latest Bulletin.

Chicago, April 7.—The following bulletin has been received here indicating the condition of Gen. Grant: April 6.—4:45 p. m.—The new bulletin has been a very quiet one for Gen. Grant. He has been free from pain and has slept most of the time in his easy chair. He has taken his nourishment regularly and well. His pulse is 72 with a slight fluctuation. J. H. DOUGLAS, M. D.

New York, April 7.—11 p. m.—Gen. Grant continued in a comfortable condition during the evening. He is now sleeping quietly, and promises to have a good night.

J. H. DOUGLAS, M. D.

New York, April 7.—1:30 a. m.—Gen. Grant is still asleep. He has passed an unusually quiet day. At 5:30 a. m.—The morning bulletin has been sent for Dr. Sturges and Dr. H. H. Douglas, M. D., and has been received at 6:30 a. m. At 6:45 a. m. an order was dispatched for Dr. Sturges to come quickly. It is believed that the end is near.

Chicago and More Cheerful. New York, April 7.—There was no material change in Gen. Grant's condition. He enjoyed the day, and his spirits were cheerful. He did not complain of any pain, and took his nourishment regularly and with evident relish. The general spent most of the day sitting in his easy chair, listening to the reading of the reports of his condition from the morning papers, occasionally chatting with members of his family and friends. Although the general does not appear to suffer as much as he has in the past, he does not gain in strength, and in the opinion of persons who have seen him within the last few days, he is growing weaker every day. Among the many callers during the day were John A. Schless, ex-United States minister to Mexico; Gen. Adolph, Hon. Dr. Newman, ex-Senator; Hon. Dr. William A. Hammond, Maj. Gen. Hamilton, and N. Y. Banks.

MORMONS CALLING DOWN CURSES.

A Case Where the Blood of Martyrs Was Not the Seed of the Church. LONDON, April 7.—A conference of Mormon missionaries and preachers was held here Monday. Reports were received showing that the most serious loss had been sustained in Scotland and Wales, while in London hardly any converts have been made. The latter fact is attributed to the ill treatment of the missionaries, who have often been attacked by angry mobs, and driven from the houses of their labor. A resolution was adopted that the congress in London who have illustrated the cities of the church. It was announced that fifty converts have been made in the Glasgow, and that two vessels laden with converts leave Liverpool for New York during May and June.

New York, April 7.—Among the arrivals at the Windsor hotel Monday night was Antonio Barrios, a West Point cadet, and son of the president of Guatemala. He stated that he had no official views from home, but that he did not believe the published statements of his father's death and the defeat of the Guatemalan army.

Washington, April 7.—No official information from Central America concerning the reported death of Gen. Barrios, has been received at the state department. Senator Barrios, the Guatemalan minister, has received no word of intelligence from his government bearing upon the reported death of Barrios, or the disaster to the Guatemalan troops, and the latter story. On the other hand, Senator Barrios, the Guatemalan minister, has received no word of intelligence from his government bearing upon the reported death of Barrios, or the disaster to the Guatemalan troops, and the latter story.

Washington, April 7.—The first ball game of the season between the Metropolitan and New York teams was played Monday night at Polo ground. The score was: Metropolitan 3, New York 8.

Washington, April 7.—The Baltimore Base Ball club defeated the Buffalo Juniors Monday afternoon by the following score: Baltimore 7, Buffalo 4.

Washington, April 7.—Indianapolis, Ind., April 7.—Louisville, 4.

Washington, April 7.—The secretary of the navy has ordered 353 marines and 350 blue jackets to sail on the Annapolis from New York to Aspinwall. When these arrive at their destination the United States will have a force of about 1,300 men and 100 officers on the isthmus.

Washington, April 7.—The secretary of the navy has ordered 353 marines and 350 blue jackets to sail on the Annapolis from New York to Aspinwall. When these arrive at their destination the United States will have a force of about 1,300 men and 100 officers on the isthmus.

THE MICHIGAN ELECTION.

The State Claimed for the Democrats by 10,000 Majority.

DETROIT, Mich., April 7.—The election Monday in this state passed off quietly. Besides city and township officers, the voters voted for a justice of the supreme court and regent of the university. Less than half a full vote was cast in this city, and a very light vote was polled throughout the state. In the city of Detroit, the Democratic candidate for justice, received a majority of 5,293 over Judge Cooley (Republican and Prohibitionist), with one precinct to hear.

MANUEL ELECTIONS. DAYTON, Ohio, April 7.—The Democrats elected their city ticket Monday, with the exception of two minor offices, by majorities ranging from 200 to 500. They will also vote 2 majority in the city council. The present council is a tie.

CINCINNATI, Ohio, April 7.—The city election, Monday, was remarkably close, but at 1 o'clock the indications are that Mayor Smith, Jr., Republican candidate for mayor, has been elected by a small majority. The remainder of the ticket is in doubt.

It is probable that Fitzgerald, Democratic candidate for police judge, is elected. Twenty-three precincts show a Republican gain of 1,000 over Saturday's vote of 2 years ago, when the Democratic majority was 2,800.

ZANESVILLE, Ohio, April 7.—The Republicans elect their entire city ticket, except city engineer and trustee of water works, by majorities ranging from 50 to 300. Citizens, Republican candidate for mayor, has 382 majority.

CHICAGO, April 7.—Reports from municipal elections are as follows: Cleveland—Light vote and great excitement. Republican elect (probably) mayor and solicitor, Democrats police judge, and treasurer in doubt. The Republicans carried the day at Cuyahoga, Warren, Foster, and at Coshocton, Coshocton county, for the first time in many years.

COLUMBUS, Ohio, April 7.—Republicans carried the city by from 300 to 300 majority. London, Lancaster, Zanesville, Springfield, Mansfield, Steubenville, and Delaware have gone Republican, while in Newark, Logan, Coshocton, Dayton, and Toledo the Democratic majorities have been greatly reduced. Jacksonville, Ill., April 7.—John Hopper, mayor; Charles Goodrich, marshal; George E. Bryant, clerk.

MANSFIELD, Ohio, April 7.—Municipal elects a Republican mayor for the first time in six years, and a Republican street commissioner by majorities of about 200; the balance of the city ticket except one councilman is Democratic, with majorities ranging as high as 200; party lines were widely ignored.

CRIME IN NORTH CAROLINA. Four Persons Robbed, Killed and Cremated—A Desperate Man Out of Bedlam.

ASHEVILLE, N. C., April 7.—The house of J. P. Joyce, situated near here, has been robbed of \$5,000, the family murdered, and the house fired. The bodies of all the inmates were consumed. The victims were J. P. Joyce, 70 years; Margaret Joyce, 30 years; Charles Joyce, 2 years; and Mary Rice, 40 years of age. The perpetrators have not yet been captured.

An Insane Murderer Loose. ASHEVILLE, N. C., April 7.—Eloke C. Secret, a noted wife and child murderer, escaped from an insane asylum at Morganton, and fled to the South mountains. Two years ago he escaped from an asylum at Raleigh. He is a desperate man, and his escape has spread great alarm.

VICTORY FOR THE MINERS. Strike in the Pittsburgh District Ended—Operators' Intentions.

PITTSBURGH, April 7.—The action of Joseph Walton & Co. in granting the rate demanded by the river miners has had the effect of practically ending the strike. Many pits resumed work at the strike figures, and within three days the entire river district will be in operation at the advance. The idea is prevalent, however, that the operators will now crowd their mines with men, and thus cut the spring run down to a few weeks. No new developments are reported from the railroad district.

The Alleged Senatorial Bribery in Kansas. DENVER, Colo., April 7.—The joint committee, appointed several weeks ago to investigate the charges of bribery in connection with the senatorial election, reported Monday that they could get no testimony to substantiate the charges. Senator Hill stated he had made no charge, and Senator Teller had expressed a willingness to be called, but the committee did not think it necessary to summon him. Parties to whom summons had been sent, ignored them. The legislature adjourned at midnight.

The Election.

The rain and threatening weather to-day has had its effect upon the voters in this city. At an early hour this morning large numbers of both political parties, with now and then a prohibitionist, assembled at the different polling places, where they have been diligently at work all day. The friends of the different candidates have worked hard, and at times there was much excitement manifest, yet good feeling prevailed, and we hear of no disturbance of any kind at the polls. The saloons were all closed, and but very little evidence of intemperance manifested itself. At three o'clock this afternoon a reporter of the Gazette visited the different polling places and found everything moving along harmoniously, although a heavy rain was prevailing. At three o'clock the vote in the several wards stood as follows:

First ward	111
Second ward	391
Third ward	459
Fourth ward	227
Fifth ward	211
Total	1,399

At the same hour last year the vote in the several wards stood as follows:

First ward	120
Second ward	420
Third ward	490
Fourth ward	230
Fifth ward	210

The total vote for mayor last year was 1,987, and for city clerk 1,992. In 1893 the total vote for mayor was 1,768.

OBITUARY.

Mrs. FRANK STRUNK.

The Lake Crystal (Minn.) Union of March 25th, contains the following and particulars of the death of Mrs. Frank Strunk, formerly of this city:

—Died—this Wednesday morning, March 25th, 1895, at her home in this place, of inflammation of the brain, in the 50th year of her age. Mrs. Frank Strunk, formerly of this city.

—Again we are called upon to write the death of another member of the family of Mr. Frank Strunk; this time the wife and mother of Eugene, who died but a short time since at Windsor. Mrs. Strunk, since the death of her son, was not fully recovered from the shock. She was greatly attached to him, he being the youngest member of the family. His death preyed continually upon her mind, and also partook of so little nourishment that she sank rapidly.

—About a week since she became unable to leave the house, and from that on she grew worse until her death. She was born in Pennsylvania, and had been married about 30 years.

—She was a lady possessing an extensive acquaintance and prior to the death of her son, was always cheerful and happy. Since her residence in this place she has been greatly beloved for her many good qualities and kind disposition. She was an earnest Christian, and at the time of her death a member of the Congregational church in Chicago, and formerly a zealous worker in the Sabbath school there. She leaves a husband, one son and other relatives, and many friends who deeply mourn her death. The funeral and burial will take place at the residence of the family on Saturday, March 27th, at 10 o'clock a. m.
